

Welcome to ePACT!

1. You will receive an invitation to be a group administrator.
2. Accept the Invite by logging into your existing account or by creating an account if you are new to ePACT.

The image shows the ePACT user interface. At the top, there's a navigation bar with links: At Work, At School, At Play, At Home, Resources, Support, Log In, and Sign Up. Below this, a message says "Hello Boris Tereshchenko, You've been invited to be an administrator for 'Difford Soccer'". There are two main sections: "Sign Up" and "Log In to your Account". The "Sign Up" section has fields for Email, First Name, Last Name, Password, and Confirm New Password. The "Log In" section has fields for Email and Password. A red arrow points from the "Log In" section to the "Sign Up" section with the text "Log in to your existing account".

Manage your roster. Each row displays the basic information for each team member. The **Actions** column lets you:

Edit basic contact information, such as name or email address.

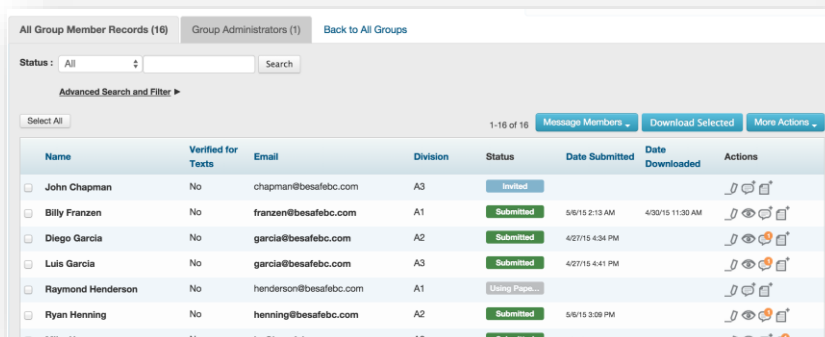

View the member's emergency information.

Comment: Leave a comment for a member that only admins can see.

Manage shared files: Add, view or print uploaded files, such as a doctor's note.

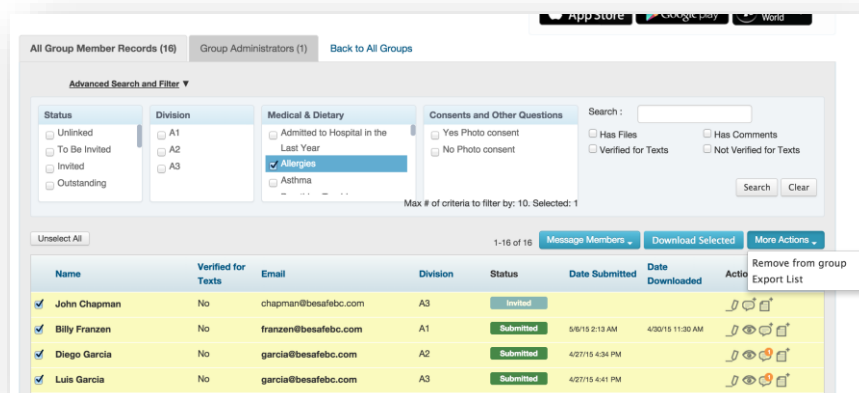

The image shows a screenshot of the "All Group Member Records" table. The table has columns: Name, Verified for Texts, Email, Division, Status, Date Submitted, Date Downloaded, and Actions. There are 16 records listed. The "Status" column shows various statuses like "Invited", "Submitted", and "Using Pops...". The "Actions" column contains icons for editing, viewing, commenting, and managing files.

Filter for conditions or consents. You can search for important medical conditions or consents by using the Advanced Filter. (You can export these lists in spreadsheets if preferred.)

Please note that group admins cannot add members. Please contact your organization administrator for assistance. To remove a member of your group, click on More Actions> Remove from Group.

The image shows a screenshot of the "Advanced Search and Filter" interface. It includes filters for Status, Division, Medical & Dietary, and Consents and Other Questions. The "Medical & Dietary" filter has "Allergies" selected. The "Consents and Other Questions" filter has "Yes Photo consent" selected. Below the filters, there's a table with the same columns as the previous one, but with checkboxes in the "Name" column. The "Actions" column includes a "Remove from group" link.
